Ralph,

Hi. Happy Holidays 2u2!

I would like LAPD to be at this upcoming HHWNC area 9 committee meeting. There is an enormous amount of concern about traffic on Willow Glen and Woodstock, but the concerns are area wide. I also expect a discussion of the idea of adopting a northbound traffic prohibition on Woodstock on weekday evenings during peak traffic hours. The northbound prohibition would be similar to the southbound prohibition, which went into effect in 1988. That was the year before I moved to LA. Mt. Olympus's homeowners' group was the prime proponent. The residents are understandably angry, and they know there has not been much enforcement.

I know you were scheduled recently to be at Apollo/Willow Glen, and that is nice. But, it's just one corner which pretty much bothers Mt. Olympus' leaders.

What our residents want is more enforcement of speeding and other traffic laws, and they want to cut down what they rightly see as unsafe evening traffic conditions here. I suspect that the residents in 1988 saw something similar in the morning rush hours. When Outpost Canyon prohibited southbound traffic from Mulholland to 10 am, we saw 75 cars lining up here at and before 9 am, which is why you, MOPOA and I worked to extend the southbound prohibition on Woodstock to 10 am. I'm pretty sure you will remember what we saw and how we worked to make the situation here better. It's time to do that kind of brainstorming once again.

It's time to consider all our options for evening peak traffic. We should consider the options, and see if there is any kind of prevailing view(s), any unexpected concerns etc.

I would like you to be at the meeting on behalf of LAPD, Hollywood Division. I want to know if I can get your commitment to be there?

Otherwise, I'd love to have Sergeant David and/or West Traffic stand in for you, but I want LAPD involved with this from the beginning.

I also want Council District 4 to be there and to be involved from the start. Finally, should we have LADOT there too? If so, who?

I'd have scheduled the meeting around your schedule if I could, but the biggest constraint these days in setting up a meeting is getting on the library's schedule. I am grateful to have gotten the community room on the 14th for the meeting.

With best regards,

Orrin

A message from your HHWNC Area 9 Committee Chair:

The next HHWNC area 9 committee meeting will be on Thursday, January 14, 2016, in the Durant Public Library's community room. The meeting will start at 6 pm and end before 8 pm, which is when the library closes.

The meeting will include a discussion of the area's current traffic problems, which is what our neighbors asked for at our meeting in October.

A more detailed agenda will be posted here closer to the meeting date.

The library is ADA accessible. If you need any disability related assistance or if you wish to suggest any agenda item(s), please email [REDACTED] ahead of the meeting.

The library provides free parking in a lot which is entered from Detroit. The street runs south from Sunset Blvd.
